Re: Proposal

On behalf of the Committee of the Wynford Tower Residents Association the following proposition pertaining to the 'Backyard' is being forwarded for your consideration. Last year the Committee tried to make the backyard more usable but all our labour came to nought. This proposal is an attempt to rekindle and revitalize that earlier effort.

THE BACKYARD: AN OASIS OF TRANQUILLITY, HARMONY, AND BEAUTY

- A. Retention of Natural Setting
- Treed environs
 - No picnic tables
 - No barbecues
 - No smoking
 - No alcohol consumption
 - No playground equipment
 - No raucous, discordant noise
- B. Enhancement of Natural Setting
- Flower beds
 - Attractive, sturdy chairs and benches
- C. Activities
- Therapeutic tending of flowers by elderly residents
Under the direction of the Superintendent
 - Yoga
 - Meditation
 - Tai Chi
 - Artistic endeavours: Painting, Sketching etc.
 - Relaxing
 - Reading
 - Poetry Writing
 - Bird Watching
 - Chatting
 - Light tasteful romantic displays of affection
 - Occasional artistic displays, poetry reading, concerts, socials

Mr. Cory Scott, our new Superintendent, has addressed or is addressing some of the issues of the past, such as caulked mud on the patio tiles, the problem of rain water run-off, soiled glass of pool windows, garbage strewn on the lawn, displacement of furniture, and general tidiness. These improvements are evident and for this we thank him. This proposal is based on the assumption that these efforts will continue.
